

JUDI MCCLAIN

Vice President, Hospital Productivity and Accounting

As Vice President, Hospital Productivity and Accounting at CHC, Judi McClain is responsible for the implementation, analysis, and maintenance of the Productivity Tool for CHC's owned and managed hospitals. Other responsibilities include support for hospital financial operations, financial analysis, and support for consulting projects and hospital management needs.

Before joining CHC, Judi worked for Baylor Scott & White Health for more than 10 years in a variety of roles that included Accounting Manager, Regional Financial Analyst III and Interim Vice President of Finance and CFO of Baylor Scott & White Medical Center in Carrollton.

Judi is a Certified Healthcare Finance Professional (CHFP). She received a Bachelor of Business Administration in Accounting from Baylor University and a Juris Doctorate Degree from Baylor University School of Law. She is a Fellow of the Healthcare Financial Management Association.
