

Damion Schinnerer

Director, Purchased Services and Capital Equipment

Damion Schinnerer serves as Director, Purchased Services and Capital Equipment for CHC Supply Trust. In this role, he supports capital equipment and purchased services needs of CHC client hospitals. His goal is to help member hospitals control costs, increase group purchasing organization (GPO) contract participation and coverage, while expanding awareness of the CHC Supply Trust purchased services and capital equipment services.

As an experienced healthcare executive, Damion joined CHC from OSF Healthcare, a not-for-profit Catholic healthcare organization headquartered in Peoria, IL. At OSF, he served as Director of Healthcare Technology Management, focusing on contracts, capital acquisitions, controlling costs, and process improvements.

His clinical engineering and other healthcare operations experience includes roles with Community Health Systems, AdventHealth, and Wellstar Health System.

Damion earned a Bachelor of Arts in Liberal Studies from Friends University in Wichita, KS. He also holds a Master of Arts in Management & Leadership, Master of Arts, Acquisition & Procurement, Master of Business Administration and a Master's Certificate in Project Management from Webster University in St. Louis, MO.
